What's Old Is New – and Surprisingly Strong!

The world's oldest opening variation, **3...Qd8 in the Scandinavian Defense**, has resurfaced in the last decade to give players at all levels a winning edge. Whether you prefer a sharp tactical game or slower positional maneuvering, the 3...Qd8 Scandinavian provides a genuine alternative for club players and grandmasters seeking to play for a win from the outset.

Elite players such as Michael Adams, Josif Dorfman, Kiril Georgiev and Julian Hodgson, among others, have successfully raised the banner of the 3...Qd8 Scandinavian. As the author demonstrates, this variation's doubtful reputation is undeserved.

It is completely playable – and easy to learn! 3...Qd8 is not the ugly duckling sibling of 3...Qa5 and 3...Qd6 – it is a superb alternative.

American master **Dan Lowinger** is an active player, coach and teacher. Scholastic Director of the Chess Club of Fairfield County, he lives with his wife in Norwalk, Connecticut. This is his first chess book.

International Grandmaster Zviad Izoria:
"Dan's a strong player, but he's an even stronger teacher. The book sparkles with practical insight, lucidly explained."

Dr W.Schweitzer, Rochade Europa:
"The author shows, with 122 selected model games, that the 3... Qd8 Scandinavian is a an extremely sound opening variation. It gives Black at least an equal position and often, if White thinks he can punish the two Queen moves with an early attack, even more."
