Producent	<b>Wydawnictwo New in Chess</b>

### Opis produktu

**Książka w języku angielskim w miękkiej okładce  
304 strony**

If you want to improve your middlegame play, you will have to develop a FEEL for positions. That's what Boris Zlotnik has been stressing during his long and rich trainer's career. Clicking through concrete variations (a popular pastime in the computer era) is not enough. To guide your thinking during a game you should be able to fall back on a reservoir of typical ideas and methods.

That is exactly what this book offers you: Zlotnik's legendary study material about the middlegame, modernized, greatly extended and published in the English language for the first time.

As you familiarize yourself with the most important strategic ideas and manoeuvres, you will need less time to discover the clues in typical middlegame positions. You will find it so much easier to steer your game in the right direction after the opening has ended.

Zlotnik's Middlegame Manual is accessible to a wide range of post-beginners and club players. It is your passport to a body of instructive material of unparalleled quality, collected during a lifetime of training and coaching chess. A collection of exercises, carefully chosen and didactically tuned, will help you drill what you have learned.
